PERSONAL INFORMATION

Age: 20 | Gender: Female

Language: Filipino (Native) | English (Professional Working Proficiency)

PROFESSIONAL SUMMARY

Information Systems student with hands-on experience in systems analysis, database design, UI/UX prototyping, and full-stack software development through academic projects. Seeking an internship to apply technical and analytical skills while gaining professional experience.

EDUCATION

Bachelor of Science in Information Systems

2023 – Present

Richwell Colleges Inc. | Current GPA: 1.50

TECHNICAL SKILLS

Systems Analysis & Design: Requirements Gathering, Systems Analysis, Business Process Analysis, System Design, Database Design, Software Development Life Cycle (SDLC), Technical Documentation

Business & Process Modeling: BPMN, Flowcharts, Entity Relationship Diagrams (ERD), Use Case Diagrams, Wireframing, UI/UX Prototyping

Programming Languages: Python, Java, JavaScript, HTML, CSS, SQL

Frameworks & APIs: Django, React, Bootstrap, Firebase, REST API, Node.js

Database Technologies: MySQL, SQLite

Productivity & Development Tools: Visual Studio Code, NetBeans, Figma, Microsoft Office, Google Workspace

Professional Skills: Analytical Thinking, Communication, Collaboration, Adaptability, Time Management, Attention to Detail, Problem Solving

PROJECTS

Fishpond Production Monitoring & Harvest Prediction System

Role: System Analyst | UI/UX Designer | Full-Stack Developer

Technologies: Python • Django • MySQL • HTML • CSS • JavaScript

- Led the project from requirements analysis and database design to full-stack development.
- Integrated machine learning for harvest prediction and developed REST API functionality.
- Conducted testing and prepared comprehensive technical documentation.

Mobile Human Resource Information System with Facial Recognition and GPS Geofencing

Role: System Analyst | UI/UX Designer | Full-Stack Developer

Technologies: Python • Django • MySQL • Facial Recognition • GPS Geofencing

- Led the project from system analysis and UI/UX design to full-stack development.
- Implemented attendance, leave management, facial recognition, and GPS geofencing features.
- Conducted testing and prepared comprehensive technical documentation.

CERTIFICATIONS & AWARDS

- Cisco Networking Basics — Certification
- Academic Excellence Award
- Best in Conduct Award
